

# GEL APPLICATOR PLASTIC

The Gel Applicator Gun is crafted from durable plastic, designed to help operators effectively target hard-to-reach areas, such as cracks and crevices, with precision.

## Ideal For:

- **Efficient application** of gel bait in confined spaces
- **Durable construction** for long-lasting use
- **Precision targeting** to maximize pest control

This applicator ensures that even the most hidden pests are effectively managed, providing comprehensive coverage in challenging areas.

**Always read and follow label instructions.**

# DURABLE GEL APPLICATOR - PRECISION TARGETING FOR HARD-TO-REACH PEST AREAS.

## Description and Features:

- For 20, 30 & 35 gm gel
- East to use and practically unbreakable under normal use
- The plunger retracts when the trigger is released to prevent dripping from the reservoir tip
- Affordable, durable, and lightweight
- Helps to apply gel dots precisely
