

ALL IN ONE FOGGER

The smoke and mist spraying machine can be widely used for pesticide spraying for

- Economic forest, cotton crop, Greenhouse cultivating crops,
- Sanitation and disinfection of the warehouses,
- Wharf, Army camps, City underground waterways,
- Farms, passenger cars, residential & commercial areas.
- Highly recommended non-edible crops (Diesel smoke spraying)
- Highly recommended for forestry, fruit trees, or high vegetative areas (Spraying Mist)

Technical Details:

- Working Environment: Temp. Between- 10 to 35°C, Air humidity 80%- 30%
- Spraying amount:- 80-120L/h.
- Pesticide solution tank volume: 15L
- Fuel Tank Capacity: 2.0 Ltr.
- Fuel Consumption: 3 Liters/hr.
- Body Weight (Empty): 6.5 Kg.
- Body Weight (With Solution tank Filled): 10.5 Kg
- Ignition power: 12V rechargeable batteries
- Fuel to be used: gasoline (93# or above lead-free gasoline, not to add any lubricant agent)

Product Dimensions :

- Length: 960/1150mm
- Width: 260mm
- Height: 315 mm

Always read and follow label instructions.

Special Features :

- High working efficiency, highest killing rate, Large spraying Range on the fields.
- Strong penetration and higher safety factor.
- All-around working without powering off, stable performance, and reliability.
- High efficiency, pesticide-saving, low cost involved, good diffusibility, and high adhesion.
- Lightweight and effortless to handle/operate in the fields.
- Segments best thermal fogger (Smoke) & Mister model, which provides dense fog/mist output.

Packing:

- 1 Operating manual, 1 Oil Filling funnel, 1 Pesticide Filling funnel, 1 Electricity charger, 4 carburetor diagrams,
- 1 sling, 1 Carbon deposition cleaning bar, 1 tool kit, 1 Check valve, 1 Gas defense mask, etc.

Always read and follow label instructions.
